

CAMBRIA FREEMAN.

EBENSBURG, PA., THURSDAY, SEPT. 12, 1867.

DEMOCRATIC STATE TICKET.

FOR JUDGE OF SUPREME COURT: ION. GEORGE SHARSWOOD, of Philadelphia.

DEMOCRATIC COUNTY TICKET.

FOR ASSEMBLY: ION. JOHN P. LINTON, Johnstown. FOR SHERIFF: JOHN A. BLAIR, Ebensburg. FOR TREASURER: JOHN COX, Coopersburg. FOR COMMISSIONER: JOHN A. KENNEDY, Carrolltown. FOR JUSTICE: JOHN BUCK, Carrolltown. FOR POOR HOUSE DIRECTOR: JOHN D. THOMAS, Ebensburg. FOR AUDITORS: EDW. D. EVANS, Coyle, 3 years. JOHN F. ALLEN, Yoder, 1 year. FOR CORONER: J. A. HARROLD, Johnstown.

Radical County Convention.

This august body assembled on the second of September. Some six districts were represented, yet there was much talent in the body. Among the names we recognize those of John J. Glass, Esq., late judicial member from this county, John Quincy Adams, Aleck M'Vicker, formerly radical Sheriff and would-be Treasurer, V. A. M'Dermitt, of the Grand Army of the Republic, Samuel Singleton, late District Attorney and prospective Representative, Josiah M. Christy, C. O. U. S., Col. Jacob M. Campbell, Surveyor General and one of the Chiefs of G. A. R., S. Strayer, J. P., J. S. Ogden, G. A. R., Capt. James Quinn, do., do., Henry Walters, Foreman of Grand Inquest, J. Gillespie, G. A. R., James Cooper, formerly County Commissioner, radical member, and next radical Jury Commissioner, Wilken of Washington, as the radical has it, Capt. F. M. Flanagan, G. A. R., late radical Sheriff and embryonic Commissioner, J. D. Hamilton, Sheriff, E. Crum, and Wm. Ream, many names Constable of one of the most respectable districts in the county.

Dr. Bell, one of the pillars of the party, was elevated to the chair, supported, right and left, by his numerous Vices, and flanked by Slickland Singleton, SS. The members of the Convention then proceeded to nominate each other as candidates, but failed in part, as one or two of the nominees were, by mistake, outsiders. But they nominated, nevertheless, a right clever ticket.

Slickland Singleton, formerly of Indiana county, but who has resided several years in Ebensburg, was nominated for Assembly. He served in the Union army, is a man of very respectable attainments, and of irreproachable character.

Maj. Richard Ryckman was nominated for Sheriff. He is, we understand, a Canadian by birth, but presume, if so, he has since been naturalized. He also has resided several years in Cambria county, served in the army, is chief of police in Johnstown, and, as we believe, a competent, as we know he is a clever man.

Lieut.-Col. Wm. A. M'Dermitt, candidate for Treasurer, has also been in the service of his country, and is a respectable young man.

Capt. F. M. Flanagan, the nominee for Commissioner, is a clever man and a gallant soldier, but he lost his prestige three years since. He had been nominated by the radicals for Sheriff, and was running a strong current of popular favor, when he withdrew and gave his place to an old Portage Rail Road locofofo of the rugged Dalgetty stripe, and thereby named and disappointed what democratic friends he had.

Col. James Cooper is the candidate for Jury Commissioner. He never was in military service, but he is nominated for the office of the radicals can get in Cambria county, and of course the soldiers were not intended to be elected. Mr. (not Col.) Cooper is a worthy and competent man, and will make a good officer from his general acquaintance with the people.

Sergeant J. S. Ogden was nominated for Poor House Director. We understand that Mr. William Glass, of Munster, had been agreed upon in caucus for this position, as a reward for trading Barker for Correll last year, but the secret organization defeated him in convention. Mr. Ogden is a deserving young man, and would doubt make a good officer if he had a chance.

The other candidates—John Van Scoy, Jr., of White township, for Auditor for 3 years, Charles Duxton, of Jackson township, for Auditor for 1 year, and G. Stinemann, of Richland township—we do not know, nor do many of our readers, we agree with the Alleganians that it is not the "best available ticket" they could have nominated.

Dr. Bell is Chairman of the Radical County Committee. We suppose they will be frequently called together by this and those who are in the ring will do it all their own way.

A GLORIOUS DEMOCRATIC VICTORY IN CALIFORNIA.

THE GOLDEN GATE CLOSED AGAINST RADICALISM.

Democratic Governor and Two Congressmen Elected.

A U. STATES SENATOR SECURED.

The election in California on Thursday last resulted in an overwhelming Democratic victory. Henry H. Haight, the Democratic candidate for Governor of that State, has been elected by not less than ten thousand majority, two of the three Congressmen chosen are Democrats, and the Legislature is Democratic, thus securing the election of a United States Senator in place of Conness, the present Radical incumbent. The entire State has been thoroughly redeemed from the blighting curse of radicalism, and the tyrannical and disunion policy of Congress has been rebuked in terms that cannot be mistaken or gainsayed. The wild waves of fanaticism have been broken upon the Pacific coast, and the corruption and disregard of constitutional obligations which have so long marked the career of the dominant party will ere long be checked all over the land by the voice of a free people, who are not willing to be degraded to the level of the ignorant and indolent negroes who are sought to be made their equals. The Democracy of the Golden State have won a glorious victory, which will foot up a gain of not less than twenty-four thousand since the last gubernatorial election. This is certainly "tidings of great joy" to the true men of the Keystone State, and cannot fail to nerve them for the coming struggle in our own good old Commonwealth. As The Age truly remarks, California only takes the position a short time in advance of Pennsylvania, New York, and other States on this side of the Atlantic slope of that chain of mountains which backbone the continent in this department of the New World. The same causes which affected the people of California will change the opinions of men in this State. The only thing to be done is to keep the Puritan and the Negro prominently before the masses, and they will redeem the Old Keystone State at the coming election.

The result in California has sent a thrill of joy to the heart of every man who loves his country and seeks to re-establish the Constitution as the chart by which the Ship of State is to be steered in the future, and hence all will join in the jubilation of the New York World when it says:—California is an epitome of the Union. Her soil is peopled by the sons of every State in the Union, from Maine to Texas, and from Florida to Minnesota. The verdict of condemnation pronounced upon the Republican party and all its works by California has therefore a deeper significance than it were pronounced by any State whose sectional or local influences have greater weight. It signifies nothing less than the approaching dissolution of the party which has ruled and nearly ruined the nation during the last six years, and the speedy downfall of the men who were fast transforming our republican system of self-government into a military despotism.

Welcome! thrice welcome! this news from the gallant Pacific State, which comes like a noble blast of triumph and the cheers of victorious troops from one wing of a great army, pealing along the lines, and moving their fellow-soldiers to a final and overwhelming onset.

Do you hear the call, men of Maine? The Pacific to the far Atlantic speaks: "The victory we have won, you too, may win. The odds with us were as desperate as yours. Together all, and charge for victory!"

Do you hear the shout, Ohioans, and men of the Keystone State, which comes from the Golden Gate? "We have redeemed California. Your odds are yet more desperate than ours. But the Ring is broken! On, on with all your troops, and charge for victory!"

Later returns from the California election give the Democrats a gain of one U. S. Senator, three members of Congress, besides the Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Surveyor General, Attorney General, Harbor Commissioner, Clerk of Supreme Court, State Printer, a majority in the Legislature and several hundred minor officers. Very good.

A STRANGE FREAK.—A few days since a woman went to East Saginaw, in this State, and issued handbills announcing that Miss Eleanora Shouder would walk a rope stretched across Genesee street, at 6 o'clock p. m., Tuesday. A great crowd assembled, but for some reason she failed to walk, postponing it until the next day. At the appointed hour about 2,000 people assembled to witness the performance. The lady appeared in a robe de ballet, but seemed very timid, and after a while, seeing her awkwardness, the authorities interposed and stopped the performance. On Thursday an old gentleman came to town in a state of great excitement, inquiring for a missing daughter who answered the description of the rope walker, and stated that she had left home suddenly a few days previous, and that her people feared foul play. The father who is well known to parties in this city, is a wealthy business man, residing in Flint. The young lady is twenty-four years old, is handsome, and engaged to be married to a wealthy Eastern man soon, and moves in the best circles of society. She had never walked a rope before, and what induced her to undertake such a rash adventure is beyond conception. She was induced to go home by a party who was acquainted with her father and family, and started about an hour before her father came.—Detroit Advertiser, September 2.

HON. L. W. HALL was defeated for the nomination for State Senator in the Radical Conference at Lewistown, on Friday last.

NEWS OF THE WEEK.

—The Englishmen who were held as prisoners by the King of Abyssinia have been released.

—A man named George Finonoff the other day killed four wild turkeys at one shot, near M'Connellsburg, Fulton county.

—There was frost near Springfield, Massachusetts, on the 30th ult., and snow fell on Mount Washington the same day.

—Rev. Windt has been sentenced to fifteen years in the eastern penitentiary. About twenty girls of the asylum were subjected to his lusts.

—A stick of logwood that was lost overboard at Union wharf, Portland, about forty years ago, was found in the mud, last week, quite sound.

—A New Haven minister of twenty-five years' standing, has been obliged to abandon the pulpit and go to work as a carpenter, in order to earn enough to support his family.

—Eli Kimberly, of Guilford, Ct., was kicked by a rooster on Saturday last, and was so badly hurt that he is in danger of lockjaw! The frisky bird hit him with a spur in the knee.

—A water spout, over one hundred feet in diameter, came across the Delaware north of New Castle, on the 5th instant, and upon touching land swept fences and trees away like chaff.

—A six year old boy, at Trenton, N. J., who was locked up in a dark closet last week by his teacher, became insane from fright, continued to scream at intervals for two or three days, and finally died.

—Four boys, the youngest only fifteen years old, swam the Niagara River at Square Island recently, at a point where the current is full of eddies and whirlpools, and goes towards the falls at the rate of seven miles per hour.

—On Sunday last, a crazy negro entered a colored Baptist church in Savannah, and mounting the pulpit, closed a brief harangue by flinging spittoons at the congregation. The poor wretch when finally seized became raving mad.

—Mr. James Fleming, of New London, Missouri, grew a crop of wheat on his farm this season which averaged forty bushels to the acre. He sowed fourteen acres, and gathered five hundred and sixty bushels of prime wheat.

—Mr. Jacob Gallagher, of Londonderry township, Dauphin county, while at work in a field last Thursday was struck by lightning and instantly killed. He was a laboring man about forty-five years of age, and leaves a wife and three children.

—The murderer and usurper, Juarez, has had himself crowned with a crown of gold. It is said that Diaz has come to an open rupture with him because of his determination to execute more prisoners. Miramon's brother is in arms against Juarez with 2,500 men.

—The reservoir which supplies the city of Hartford, Connecticut, with water (six miles distant) gave way on the 6th instant, sending down two million gallons of water upon the surrounding farms and sweeping fences, houses, mills, &c., into a complete wreck.

—According to the latest revelations of New England political opinion, Senator Wilson cruelly says: "We owe a debt of gratitude to Stanton which we will be a long time in paying." It looks so; that debt, even with no bankrupt act, can be bought at a very low rate just now.

—At Columbus, Ohio, Wednesday evening, two boys named Jacob Renner and William Schwartz, aged respectively fifteen and twelve years, got into a quarrel, when Renner drew a pocket knife and stabbed Schwartz to the heart, causing his death almost instantly. Renner is in jail.

—A few weeks ago, a small child of Alexander Taylor, residing in Jefferson township, Fayette county, while in the woods, with other children, gathering wood, ran in pursuit of a kitten, and tripping, fell, striking her head on a large stone, cutting it severely, from the effects of which she died a few days ago.

—A young sea serpent, strayed away from its parental nest in Lake Michigan, was last Sunday captured in Detroit river. He was five and a half feet long, and carried a villainous snout. Two men in a boat saw him, and a well directed blow with an oar caused him to turn around its blade, when he was hoisted in and killed. The body has been sent to New York.

—Benjamin Shyers took Robert Massingill's girl from him, on the way to church, in St. Paul, Decatur county, Indiana, on Sunday evening, and when the party were returning, Massingill threw a stone at his rival, which struck him on the head, and caused death in a few days. The murderer was arrested at Greensburg, and taken to St. Paul for trial.

—The boat race between Hamill and Brown, for the championship of America, came off at Newburg, N. Y., on Monday last. Hamill was ahead when they turned the stake boat, and Brown ran into him, in consequence of which the referee declared Hamill the winner of the race. Another contest will likely take place between them before the championship is awarded to either of them.

—During the afternoon of the 6th inst. a frightful accident occurred at the Chittenden county fair, at Burlington, Vt. The seats, arranged in the form of an amphitheatre, and all densely crowded with spectators, fell to the ground with a terrible crash, bringing down with them over 3,000 people. More than 50 are injured, some fatally, and many have broken limbs. The structure was 30 feet high, and it is miraculous that more were not injured.

—Governor Helm, recently elected by the Democracy of Kentucky, died at his residence near Elizabethtown, on the 8th inst. His funeral took place on Tuesday, just one week from the day of his inauguration. His death having occurred during the first year of his term, the law makes it the duty of the Chief Justice to order another election for Governor, to be held on the first Monday of August next. Mention, all the powers and duties appertaining to the office must be exercised by Lieutenant Governor Stevenson.

POLITICAL ITEMS.

—At a meeting of negroes in Manchester, Va., on Saturday night, a speaker, who suggested "that Grant and Johnson should be hung as high as Haman if the wheels of reconstruction could not otherwise be unlogged," was loudly applauded.

—The Buffalo Express says: "The removal of Stanton shows conclusively that Mr. Johnson has determined to sever all ties between himself and the Republican party." "Ties between Johnson and the Republican party" is good—about equal to the rope between the mob and its victim.

—The Chicago Times says that however Gen. Grant's late letter to the President, protesting against the removal of Sheridan, may improve his chances for the Presidency, that it will hardly add to his reputation for understanding the nature of a republican form of government, or for knowing how to write good English.

—Speaking of that nasty subject, negro suffrage, the Cincinnati Enquirer says:—"Every State in the North to which it has been submitted has voted it down. Connecticut voted it down last year by 6,000 majority; Illinois voted it down in 1862 by 190,000 majority; In Pennsylvania and Indiana no party has the courage to submit it. Ohio will vote it down by a large majority this fall."

—Negroes vote in Mexico, and during the past forty-six years, it has been governed by no less than twenty-six different Presidents, eight Directors and two Emperors. Most of these have been placed in power by the bloodiest and most denigrating revolutions. Such is the condition of affairs when negroes are permitted to have a voice in the control of the government. It is revolution; it is war, murder, rapine and plunder.

—When the Registers were in a certain bent in Alabama, the negroes wanted to know the cause of their having "to put down their names;" they were informed by a rather smart individual that it was for the purpose of ascertaining their numbers preparatory to sending them to Brazil, to fight to free their brethren in bondage there. The idea took; that night they skeddaddled to the swamps, and did not return until the Registers had left.

—A nasty bird, by the name of Jay, who edits a filthy Mongrel sheet at Newton, N. J., says he had rather sit on a jury with "eleven niggers, and all of the blackest kind, in mid August, and the windows closed and the key-holes stopped, and each nigger with an old he skunk in his arms, before he would sit on a jury with the whitest and dearest of these Democrats." Well, Jay has the reputation of being just the nasty wretch he describes himself to be.

REPUTATION.—For some time past it has been evident to the close observer of events that the Radicals would be the advocates of reputation. We have charged this as the coming agitation in the country, created by the selfishness of the governing influence, the New England element in the Congress-policy party. We proceed now to mark the evidence.

The Supreme Court of Massachusetts has repudiated the "loyal bonds of the government" by deciding that they must be taxed, thus deprecating them after the solemn pledge that they were too loyal for the sacrilegious hands of mere State necessities.

The Radical City Convention, here in Philadelphia, has repudiated the "Boys in Blue." It is now easy to repudiate "greenbacks."

The royal aristocratic League, the old woman on Broad street, has repudiated the plain, "middle class" Republicans.

Stevens and his friends, so he says in his late letter to Schoch, have repudiated the Constitution of the United States.

Grant has repudiated Stanton and Sheridan—"Cavalry Sheridan."

Wendell Phillips, the Radical fugleman, has repudiated Grant.

The Radicals in Congress want to repudiate the Executive Department of the government.

The Radicals of Pennsylvania, in the Legislature, repudiated so much of the interest of the State debt as was payable in gold and silver.

If "straws show which way the wind blows," the Radical wind will soon blow a gale for repudiation!—Philadelphia Age.

DEATH OF EX-SENATOR McDUGALL.—James A. McDougall, an Ex-Senator of the United States, from the State of California, died at Albany, New York, on the 3d inst. This gentleman was born in Bethlehem, Albany county, New York, in 1817, and received his education in the Albany Grammar School. On the expiration of his school term he studied law, and being admitted to practice removed to Pike county, Illinois, of which State he was chosen Attorney General in 1842, and rechosen to the same office in 1844. In 1849 Mr. McDougall originated and accompanied an exploring expedition to Rio Del Norte, the Gila and Colorado. From thence he extended his visit to California, where he fixed his permanent residence. In 1850 he was elected Attorney General of the State of California, and also served in Congress from that State from 1853 to 1855. Declining a renomination, he remained in private life until 1861, when he was elected a Senator of the United States, and served a full term in that body. The ex-Senator was also a delegate to the Chicago Convention in 1864, which nominated Gen. McClellan for the Presidency. Mr. McD. was a man of extensive reading and information, and an orator of point and brilliancy.

PRACTICAL MISCEGENATION.—One of the fustiest Radicals that infest this part of Brownlow's vineyard—a big light in the G. A. R. and the Loyal League—is Mr. John Rham, the editor of the Radical German paper in this city, called the Staats Zeitung. He is an active little person, and turned up yesterday before Esq. Cassey, as a miscegenator. The unfortunate sharer of his guilt was a negro, whose complaint, and subsequent proceedings thereon, appear in the papers of Esq. Cassey's Court.—Neicheille Union.

A MISNOMER.—The Associated Press dispatch announcing the Democratic victory in California, says: "The entire Union State ticket is defeated, and it is doubtful if one Union man is elected." This is a gross abuse of language, of truth, and of the papers to which the Associated Press agency furnishes telegraphic news. The party that was defeated in California, so far from being the Union party, is, and has been since the surrender of Lee's forces, the dis union party, and to name it otherwise is as false as to call a mule a horse or a traitor a loyalist. We hope this abominable lying will be henceforth discontinued. The political tide has turned.—Sunday Mercury.

Proofs of the Superior Quality OF THE AMERICAN WATCH MADE AT WALTHAM, MASS.

The American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure and therefore stronger and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts. How they run under the hardest trial watches can have, is shown by the following letter:

PENN. RAILROAD COMPANY, OFFICE OF THE GENERAL SUPERINTENDENT, ALTOONA, PA., 15 Dec., 1866.

Gentlemen: The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable time keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done so good service, as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully, EDWARD H. WILLIAMS, General Superintendent.

American Watch Co., Waltham. We make now five different grades of watches, named respectively as follows: Appleton, Tracy & Co., Waltham, Mass. Waltham Watch Company, Waltham, Mass. P. S. Bartlett, Waltham, Mass. Wm. Ellery, Boston, Mass. Home Watch Company, Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, of the most approved principle, and to possess every requisite for a reliable time keeper. Every dealer selling these watches is supplied with the Company's printed card of guarantee, which should accompany each watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeiters and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of Watch Dealers throughout the country. ROBBS & APPLETON, 102 Broadway, New York.

CONSUMPTION CURABLE BY DR. SCHECK'S MEDICINES.—To cure CONSUMPTION the system must be prepared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which, by these medicines will be digested properly, and good healthy blood made; thus building up the constitution. SCHECK'S MANDRAKE PILLS cleanse the stomach of all bilious or mucous accumulations; and, by using the Sea Weed Tonic in connection, the appetite is restored.

Schenk's Pulmonic Syrup is nutritious as well as medicinal, and by using the three remedies, all impurities are expelled from the system, and good, wholesome blood made, which will repel all diseases. If patients will take these medicines according to directions, Consumption very frequently in its last stage yields readily to their action. Take the pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhoea they are necessary. The stomach must be kept healthy, and an appetite created to allow the Pulmonic syrup to act on the respiratory organs, properly and allay any irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Exercise about the rooms as much as possible, eat all the richest food—fat meat, game, and, in fact, anything the appetite craves; but be particular and masticate well.

ERRORS OF YOUTH.—A gentleman who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN, 42 Cedar street N. Y.

TO CONSUMPTIVES.—REV. EDWARD A. WILSON will send (free of charge) to all who desire it, the prescription with the directions for making and using the simple remedy by which he was cured of a lung affection and that dread disease, Consumption. His only object is to benefit the afflicted, and he hopes that every sufferer will try this prescription, as it will cost them nothing and may prove a blessing. Please address Rev. EDWARD A. WILSON, No. 165 S. Second St., Williamsburg, N. Y.

A STIMULATING TONIC—LIFE BITTERS.—Good health is a blessing. The way to enjoy such is to take a wine glass full of Strickland's Life Bitters two or three times a day. They create a good appetite; they strengthen the stomach; they cure habitual Constipation, Nervousness, and Headache; they make the old feel young. If you wish long life and good health, use Strickland's Life Bitters. For sale in bottles by Druggists, and by the drink at all saloons and groceries.

NEW ADVERTISEMENTS.

SIGNIFICANT.

The new system of Advertising adopted by Geo. P. Rowell & Co., Advertising Agents, No. 40 Park Row, New York, is attracting a good deal of attention.

The following extract from a speech delivered before the N. Y. State Editorial Convention, (lately held at Penn Yan) by a prominent Advertising Agent in N. Y., goes to show that he at least acknowledges its advantages.

From Jamestown, N. Y., Journal of Advertising, Edited by C. E. Bishop, Chairman of the Committee on Advertising Agencies.

"Mr. Pettengill spoke in opposition to that plan from the publisher's standpoint alone. He showed the publishers that by this system of contracting they were getting lower rates than they gave their own customers or others equally as prompt and good customers; that they were selling one portion of their paper to be used to compete with and underbid the other columns; that the owner of the paper thus sold could not take his business away from them; that the publishers, fully understanding this, should of course cease trying to get advertising for the papers at their regular rates and go into the other system of contracting, which he could stand if the printers could."

The anxiety on account of the newspaper, is uncalled for. There is not one in ten thousand which would not prefer to receive all the foreign patronage on this plan, when it is fully understood. It is too generally recognized as thoroughly beneficial to all parties concerned to be injured in the least by anything which may be said against it by interested parties.
